

# Second Strike Store

Products by and for the members of the Superformance Owners Group

The internet based **Second Strike Store** features **Products, Apparel, Publications, and Artwork** developed by *Superformance owners specifically for Superformance owners and their cars.*

This is an abbreviated catalog. Go to the **Second Strike Store** - [www.SecondStrike.com](http://www.SecondStrike.com) and click on **Store** for full product listings and order form, full descriptions, and a downloadable complete catalog.

If you do not have internet access, we will be happy to mail you a catalog. Contact us at the address on the order form.

## Products

### Chromed Fan Motor Covers & Polished Aluminum Fan Motor Covers - Mk III

Dress up the stock fan motors with the brilliantly chromed fan motor covers. The covers are made from thin wall precision spun 5052 aluminum, buffed to a luster, then true-chrome plated. Polished aluminum also available. The covers are manufactured in the same Milwaukee factory that does chrome accessories for Harley-Davidson. Easy installation. Price is per pair and includes USA shipping. In stock. Over 300 pairs installed.

### Knee Pad – Mk III

The knee pad mounts on the door hinge and serves as a padded knee brace – very useful for track events and cruising both. No more bruised knee. Also useful for the passenger as well. No tools are required for installation and no modifications are required to your car. It is easily and securely attached via Velcro and a safety strap. The knee pads are hand made by a noted custom automobile upholsterer. Price is each and includes USA shipping. Over 200 installed.

### Jordan Shifter - Mk III and Coupe

The **Jordan Shifter** is designed and crafted from solid 5/8" stainless steel billet as a bolt on replacement for the stock shift lever. It is an improvement over the 1960's style original in comfort, speed, and precision. The Jordan Shifter is designed for the more natural "palm vertical" grip and eliminates the "T", which jabs the palm on quick shifts. The Jordan Shifters include either a black or white Standard Shift Knob. Custom Knobs include red, blue, and green clear Lucite, polished stainless steel, polished aluminum, and Q-ball. Hurst Classic knobs are also available. See the **Second Strike Store** for details. Price is each including USA shipping. Made to order. Over 300 installed.

### The Mk III Console

This high quality console blends perfectly with the MK III interior.

**Console Standard Features:** Padded black leather armrest, hinged lid with internal storage, carpeted to match Mk III interior, retractable two position cup holder, rugged construction from 1/2" stock. Simple installation with instructions included.

**Console Options:** Two models – Standard and Expanded, audio systems electronics package, key lock.

Price includes USA shipping. See the **Second Strike Store** for details.

## GaugePak Auxiliary Gauge and Switch Panel – Mk III

New product. The GaugePak Auxiliary Gauge and Switch Panel is custom designed for Superformance Mk III owners who want to add additional gauges and switches, but do not want to modify the existing dashboard. The GaugePak has features not found in universal type gauge panels. It is mounted on the two upright braces under the Mk III dashboard and is angled upward to provide good line of sight from the driver's seat. The mounting position provides access to trip odometer reset and auxiliary power socket. Standard layout is shown. Custom layouts on request. Price includes USA shipping. See the [Second Strike Store](#) for details.

## Publications

### Mk III Owners Manual – Third Edition

Updated June 2010, the 220 page manual is the definitive manual on the Superformance Mk III.

- 222 pages (3 x bigger than Second Edition)
- Sections for Specifications, Operation, Maintenance, Special Events Preparation, and Electrical system
- Covers all production models, 032 to present including all major engineering changes
- Easy look up with Table of contents, List of figures, List of engineering changes, List of owner provided information, and Alphabetical index
- Continually updated to stay up-to-date with updates available to existing manual owners
- Full 8.5" x 11" size with double sided full color printing
- Owners name and car number on inside cover
- Standard zippered vinyl cover with Superformance logo

### Newsletter Bound Sets

The Second Strike newsletters offer articles of timeless interest, technical tips, feedback, and in later issues a photo gallery of owner's cars. Second Strike Newsletter reprints are available as bound sets either by Volume or by subject as a Special Collection. See [www.SecondStrike.com](http://www.SecondStrike.com) for details and contents.

Volumes	Best of Second Strike Special Collections
Volume 1	Peter Brock and the Superformance Coupe
Volume 2	Interviews
Volume 3	Ford V8 Engines
Volume 4	The Ultimate Windsor
Volume 5	
Volume 6 7 8	

Each set is individually printed double sided in full color and comb bound with clear plastic covers, a title page with table of contents, and a tech tips index. These have been well received with over 400 newsletter bound sets being shipped to owners.

### Superformance Owners Group Registry - SCORE

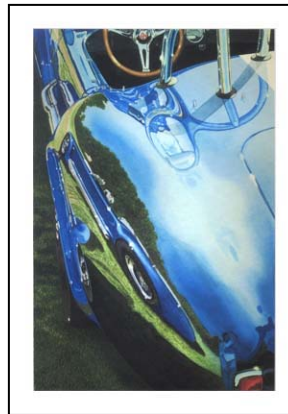

The registry is the best way to get and stay in touch with other Superformance owners. The registry has the owner's contact information and car information. It is printed 32 to a page in car number order. It has a name index and a country/state/city

index for quick cross reference. It is currently 124 pages long and comb bound with a soft cover. Each registry is individually printed for each order just prior to shipment so that it is as complete, current, and accurate as possible. Only available to owners, dealers, and Superformance. Allow several weeks for delivery. The price includes shipping in the USA.

## Artwork

Turn 2 Group Shot ..... Jerry Miller (SP 1345)

A striking image taken on Turn 2 at Lowe's Motor Speedway. The rainbow of colors of the 70 Superformance cars carries through to the Turn 2 stands.

And we have the striking watercolor "Snake in the Grass" by noted automotive artist Dan McCrary depicting two Superformance Mk III's at a car show.

Both are full color and available in standard and full sizes, framed and unframed.
